# VETERANS MEMORIAL

The Uwchlan Township Board of Supervisors proudly announces its latest addition to Baird Park and the township campus. The Veterans Memorial is a new stop on the Uwchlan trail system. This location is alongside the Uwchlan trail and was used by Washington's troops after the Battle of the Clouds. This memorial is intended to be a place of remembrance, reflection, and celebration of all veterans.

This remarkable effort was championed by a group of Uwchlan Township veterans who volunteered their time and talents to create this memorial for all veterans and their families. Veterans can be recognized, remembered, and celebrated by purchasing a paver engraved with their name, branch of service, rank, dates, etc. Each engraved paver of remembrance will cost \$50 with a portion of the cost set aside for maintenance of the memorial.

The umbrella shape of the lighted stone wall with its five pillars seeks to embrace the field of pavers showcasing the names of veterans. The five stone pillars are each adorned with bronze medallions representing a branch of the US Armed Forces. At night, both the US and POW flags, as well as the memorial, will be lit.

Corporate sponsors such as EP Henry donated all the pavers, The Hankin Group donated design and project management, EB Walsh donated all the engineering, and Studio ETC donated the brochures to get the project underway. Future plans include a statue of the Revolutionary War Minute Man soldier as funds are raised. Patriotic celebrations will be scheduled throughout the year.

Formal dedication of the memorial will take place in the spring of 2017.
